### **Personal Statement**

I am a passionate Computer Science and Software Engineering graduate with a strong academic foundation and hands-on experience in software development.

With a particular interest in cloud computing, data management, and software engineering, I aim to deepen my expertise through a Master's degree in the UK.

My goal is to contribute to the innovation and advancement of technology-driven solutions. Through my education and practical experiences, I have developed strong technical, problem-solving, and collaborative skills.

I am eager to engage with cutting-edge research, advanced coursework, and multicultural academic environments to further my career aspirations in the technology sector.

---

### **Education**

- B.Sc. (Hons.) Computer Science and Software Engineering**

Patan College for Professional Studies

Awarding Institution: University of Bedfordshire

Completed in 2024

Award: Second Class, Upper Division

- NEB (+2), Science Stream**

Arniko Awasiya Secondary School

Completed in 2019

CGPA: 2.72

- SLC (School Leaving Certificate)**

Happyland Higher Secondary School

Completed in 2017

GPA: 3.35

---

### **Technical Skills**

- **Programming:** C#, Java, Python, SQL, Flutter
  - **Web Development:** HTML, CSS, JavaScript
  - **Database Management:** SQL, MySQL, Oracle
  - **Mobile Development:** iOS, Android
  - **Concepts:** Object-Oriented Programming (OOP), Agile Development, Data Structures
  - **Communication & Collaboration:** Slack, Microsoft Teams
- 

## Projects & Certifications

- **Final Year Project:** *Social Media Time Management*  
Developed a software solution to monitor and analyze users' social media usage, enabling improved time management and productivity.
  - **Certifications:** Self-learning through online platforms (various resources on cloud computing, mobile app development, and programming).
- 

## Work Experience

- **Junior Software Developer | Horizon Technology**  
15th September 2024 – 25th May 2025
  - Developed and maintained scalable applications using C# and .NET frameworks.
  - Participated in Agile software development cycles including sprint planning, daily stand-ups, and retrospectives.
  - Collaborated with cross-functional teams to design, develop, and implement new features and improvements.
  - Utilized Git for version control and worked on continuous integration/continuous delivery (CI/CD) pipelines.
  - Conducted unit testing, performance tuning, and debugging to ensure high-quality deliverables.
